# Read the following passage and answer the questions given after it.

Vijay Tendulkar, the prolific Marathi playwright, has become a name to be reckoned with not only as far as Marathi stage is concerned but also in Indian theatre. A journalist by profession, Tendulkar has tried his hand at various genres as a creative writer. These include articles, short stories, one act plays, dramas, screenplays and dialogues, literary criticism and translations. Though he has been successful in whatever he has tried but his forte remains drama. An excellent wielder of pen, he has won the Sangeet Natak Academy Award, the Kamla Devi Chattopadhyay Award and the Padma Bhushan.

For Tendulkar the inspiration comes from the society around him. He is a keen observer of the human relationships especially in lower and middle class society. He has written twenty- eight full-length plays and in almost all of them, women play crucial roles in the plot.

Whether it is Sakharam Binder, Shantata Court Chalu Aahe, Kamla, Gidhade, Baby, Ghasiram Kotwal, Mitrachi Goshta, Kanyadan or Ek Hatti Mulagi, one gets a feeling that there is an underlying current of sympathy towards the women characters created by him. In Shantata Court Chalu Aahe, although Tendulkar is looking closely at the tangled web of human relationships, yet in the end it is the heroine who comes out to be stronger than the male characters.

In Shantata Court Chalu Aahe and Sakhram Binder, Tendulkar raises several questions about love, sex, marriage and moral values prevalent in the society. It is the society which asks everyone to confirm to its own yardsticks of decorum and propriety. The writer makes ample use of irony, satire, pathos and even mock- element to highlight the hollowness of middle class moralities. These moralities might be having slight variations but at all times and all ages they remain the same.

निम्नलिखित लेखांश पढ़ें और इसके बाद दिये गये प्रश्नों के उत्तर दें।

प्रसिद्ध मराठी नाटककार विजय तेंदुलकर का नाम न केवल मराठी रंगमंच के संदर्भ में बल्कि भारतीय रंगमंच के लिए भी बहुत बड़ा नाम है। पेशे से पत्रकार तेंदुलकर ने रचनात्मक लेखक के रूप में विभिन्न विधाओं में हाथ आज़माये हैं। इनमें लेख, लघु कथाएँ, एकांकी, नाटक, पटकथाएँ और संवाद, साहित्यिक आलोचना और अनुवाद शामिल हैं। यद्यपि वे सभी क्षेत्रों में सफल रहे हैं, लेकिन नाट्य-लेखन ही उनका गढ़ रहा है। वे कलम के एक उत्कृष्ट सिपाही हैं, जिन्होंने संगीत नाटक अकादमी पुरस्कार, कमला देवी चट्टोपाध्याय पुरस्कार और पद्म भूषण जीते।

तेंदुलकर को प्रेरणा अपने आसपास के समाज से प्राप्त होती है। वे मानव संबंधों, विशेष रूप से निचले और मध्यम वर्ग के समाज के एक गहन पर्यवेक्षक हैं। उन्होंने अट्ठाईस लम्बे नाटक लिखे हैं और लगभग सभी के प्लॉट में महिलाओं की भूमिका महत्वपूर्ण है।

चाहे वह सखाराम बाइंडर, शांतता कोर्ट चालू आहे, कमला, गिधाडे, बेबी, घासीराम कोतवाल, मित्राची गोष्ट, कन्यादान या एक हट्टी मुलगी हो, हर नाटक में उनके द्वारा गढ़े गए महिला पात्रों के प्रति सहानुभूति की एक दबी हुई लहर महसूस की जा सकती है। शांतता कोर्ट चालू आहे में तेंदुलकर ने भले ही मानव संबंधों के उलझे जाल प्रस्तुत किये हैं, लेकिन अंत में नायिका ही पुरुष चरित्रों की तुलना में अधिक मज़बूत सिद्ध होती है।

शांतता कोर्ट चालू आहे और सखाराम बाइंडर में तंदुलकर ने प्रेम, सेक्स, विवाह और समाज में प्रचलित नैतिक मूल्यों के बारे में कई सवाल उठाए हैं। यह एक ऐसा समाज है जो शालीनता और औचित्य के अपने पैमानों पर ही हर किसी को चलने के लिए कहता है। मध्यवर्गीय नैतिकताओं के खोखलेपन को उजागर करने के लिए लेखक विडंबना, ट्यंग्य, करुणा और उपहासात्मक तत्वों का जमकर उपयोग करता है। इन नैतिकताओं में थोड़ी-बहुत भिन्नता हो सकती है, लेकिन हर समय और सभी आयुओं में वे एक समान ही रहती हैं।

Communal violence in India includes acts of violence by followers of one religious group against that of another religious group. This is often seen in the form of rioting. Religious violence, especially in recent times, has generally involved the Hindus and the Muslims. There are also many incidents of violence among atheists, Christians, Jews, and Sikhs. However, the riots among Hindus and the Muslims are known to be seen at a larger scale. Along with domestic organizations, the international human rights organizations have also published reports on acts of religious violence in India. Between 2005 and 2009, an average of 130 people died every year from communal violence. The state of Maharashtra reported the highest total number of violence related fatalities over that 5 year period. On the other hand, Madhya Pradesh experienced the highest fatality rate per year per 100,000 people between 2005 and 2009. Over 2012, a total of 97 people died across India from various riots related to religious violence. The average annual death rate due to intentional violence has been 7.9 per 100,000 people. Historical records of religious violence are extensive for medieval India, in the form of corpus written by numerous Muslim historians. The total number of deaths of this period is usually attributed to the figure by Professor KS Lal, who estimated that between the years 1000 AD and 1500 AD, the population of Hindus decreased by 80 million. Religious violence in medieval India began in centuries before the start of Delhi Sultanate, with the raids by Turko-Mongol, Persian and Afghan armies. It intensified during Delhi Sultanate, continued through Mughal Empire, and then in the British colonial period. The religious affiliations became an issue in the British period. Different political constituencies began to be established for different religions. This was particularly true of the Muslim League, which was created exclusively to cater to the interests of the Muslims. Purely Hindu organizations also appeared as Hindu Sabha. The Hindu Muslim riots became more frequent when Muhammad Ali Jinnah became the first Governor General of Pakistan and the new border was demarcated in 1947. Thus, the Partition of India saw large scale strife and bloodshed throughout the nation. Since then, India has witnessed sporadic violence sparked by underlying tensions between sections of the Hindu and Muslim communities. These conflicts also stem from the ideologies of Hindutva versus Islamic Extremism. They are prevalent in certain sections of the population. Another major violence incidence was the 1969 Gujarat riot, which started after an attack on a Hindu temple in Ahmedabad and expanded to major cities and towns of Gujarat. The violence and bloodshed continued over a week and included attacks on Muslim chawls by their Dalit Hindu neighbours.
